

# "Unplugged Play"

**T**hink Sustainability with "Unplugged Play", a 'playhouse' built by Constructive Solutions.

This impressive playhouse features sustainable products and green features. Keep toasty on those cold play dates in winter with the Solar system, ample room and an upstairs 'office' with "emergency" exit slide. At over 550 sq. ft, there's plenty of room for everyone.

Rob Evans  
Constructive Solutions

*We thank the following for their help in creating this fabulous Playhouse!*

**SWMBIA Members:**

- Bridger Steel
- Distinctive Lighting
- Harvey's Plumbing & Heating, Inc.
- Pure Water Technologies
- Refuge Sustainable Building Center
- Sierra Pacific Windows
- Welding & Machine
- Kenyon Noble Lumber & Hardware
- Great Western Insulation
- The Paint Factory
- Tractor & Equipment "The Cat Rental Store"

**Non-SWMBIA Members:**

- Crystal Finishing
- Gutter Solutions
- Premier Building Systems

## About the Builder

**W**ith over a century of combined construction experience in the Gallatin valley, Constructive Solutions Inc, founded by Rob and Christine Evans, is uniquely positioned to provide its clients with homes that focus on true sustainability and superior energy performance.

Rob began his career in the trades in 1989 while pursuing his philosophy and religious studies degree. For the next ten years Rob honed his skills while working on concrete, framing, trim, and log home crews.

In 1999 Constructive Solutions began assembling a team of talented craftsmen striving to bring efficiency, innovation, and integrity to all CSI endeavors. Constructive Solutions is an Energy Star Partner, and Certified Green Professional (CGP) as well as registered through the USGBC LEED for Homes Program.

The Constructive Solutions team includes experts in architectural design, concrete, framing, trim, and custom projects. This diversification allows an unparalleled control over the interwoven process of homebuilding and an intimate connection between design and budget.
